

guitar & bass lessons

with matt morton

- have fun with music!
- acoustic, electric, or bass
- ages 7+, all skill levels!
- lessons available sun-fri in hilliard

learn rock, blues, funk, country, songwriting, music theory, computer recording, or just your favorite songs. i'll help you learn whatever you want to learn - the whole point is to have fun! you'll learn how to tune your guitar, change your strings, and read chord diagrams, tablature, and standard music notation. i also do songwriting coaching and can record your songs!

when we work on a song, you'll go home with the written music and several slowed-down versions of it on cd (for free) so you can start slow, and work your way up to full speed. i have over 4000 pages of accurate song transcriptions ready to print, and over 50,000 songs in my iTunes library. you'll learn much more than just how to play the songs too - each one contains lots of jumping-off points for more in-depth lessons on music theory and playing techniques.

lessons are taught in my home studio in hilliard with great amps, effects, and a comfortable waiting area for parents.

monthly tuition is ONLY \$80 for weekly 1/2 hour lessons or \$150 for weekly hour lessons. visit mattmortonguitar.com for more information on lessons, pictures of the studio, and tons of useful music links and resources. CALL SOON (638-6287) to schedule your first lesson!
